In accordance with the Federal Communication Commission's ("FCC") requirements in *Federal/State Joint Board on Universal Service, Ninth Report and Order, Eighteenth Order on Reconsideration, CC Docket No. 96-45; FCC 99-306*, the MPSC hereby certifies that these non-rural carriers' proposed use of federal universal service high-cost support for the year 2006 will be used only for the provision, maintenance and upgrading of facilities and services for which the support is intended, consistent with Section 254(e) of the Telecommunications Act of 1996.

Attached are copies of the Commission's orders in their pertinent dockets.

Enclosed is a stamped addressed envelope and an additional copy of this letter for you to use in forwarding a stamped filed copy of this correspondence. Thank you for your assistance in this matter.

ORDER

COMES NOW, the Mississippi Public Service Commission ("Commission") and it appearing to the Commission, for good cause shown and after reviewing the plan for utilization for the year 2006 Federal Universal Service Funding ("USF") submitted by Cellular South Licenses, Inc. ("CSL"), and this Commission being otherwise sufficiently advised, finds as follows:

I.

On June 19, 2001, CSL filed its Application for Designation as an Eligible Telecommunications Carrier ("ETC") under Section 47 U.S.C. 214(e)(2). On November 30, 2001, Victor H. (Hu) Meena filed direct testimony on behalf of Cellular South Licenses, Inc. in support of CSL's designation as an ETC. As a part of the testimony, Mr. Meena also filed with this Commission details of its plan for utilization of Federal Universal Service Funding it would receive in the year 2002 and thereafter. CSL sought and was granted bifurcation of proceedings for consideration separately of the Application in those areas served by BellSouth Telecommunications, Inc. ("BellSouth") from those served by the Rural Independents by Order dated September 19, 2001. On December 18, 2001, this Commission granted CSL's ETC designation in the BellSouth service areas. On December 27, 2001, this Commission issued its order certifying that CSL's proposed use of federal universal service funds for the year 2002 in Mississippi was consistent with the principles

II.

On August 1, 2003, CSL submitted its detailed plan for utilization of the Federal Universal Service Fund for the year 2004 (“CSL’s 2004 Plan”) for approval by the Commission. The plan submitted on August 1, 2003, proposed a continuation of its four phase plan to improve and upgrade its wireless telecommunications facilities in high cost areas in Mississippi. The Commission entered its Order approving CSL’s 2004 Plan on September 24, 2003.

III.

On Motion of CSL, this Commission entered an Order Returning this Case to the Docket for purposes of considering CSL’s application for ETC designation in the geographic areas served by the Rural Independents on May 3, 2004. On September 23, 2004, this Commission entered an Order designating CSL as an ETC in the geographic areas served by the Rural Independents (which Order was subsequently clarified on November 3, 2004).

IV.

On July 1, 2004, CSL submitted its detailed plan for utilization of the Federal Universal Service Fund for the year 2005 (“CSL’s 2005 Plan”) for approval by the Commission. The plan submitted on July 1, 2004, proposed a continuation of its four phase plan to improve and upgrade its wireless telecommunications facilities in high cost areas in Mississippi. The Commission entered its Order approving CSL’s 2005 Plan on September 29, 2004.

V.

On June 1, 2005, CSL submitted its detailed plan for utilization of the Federal Universal Service Fund for the year 2006 ("CSL's 2006 Plan") for approval by the Commission. The plan submitted on June 1, 2005, proposed a continuation of CSL's expansion and upgrading of its wireless telecommunications facilities in high cost areas in Mississippi, including areas served by both BellSouth Telecommunications, Inc. and the Rural Independent Telephone Companies.

VI.

The Commission, after consultation with the Public Utilities Staff, concludes that CSL's 2006 Plan for utilization of the Federal Universal Service Funding for the year 2006 is consistent with the Telecommunications Act of 1934, as amended, and the pertinent FCC Orders.

IT IS, THEREFORE, ORDERED:

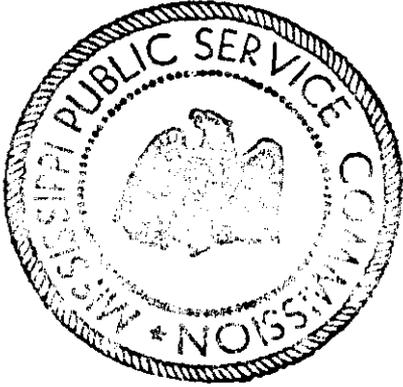

1. The Commission hereby certifies that CSL's 2006 Plan to utilize Federal Universal Service High Cost Support Funds in Mississippi as contained in its plan submitted to the Commission on June 1, 2005, is consistent with 47 U.S.C. 254(e).
